

LIFEWAY SOLAR POULTRY INCUBATOR

Fully Automatic - 120 eggs capacity - 90 Watt System: Code no: LSPI/120

FEATURES OF SOLAR POULTRY INCUBATOR:

- > Assured hatching percentage
- > After sales service
- > Easy to operate
- > Low maintenance
- > Fabricated with wood material (90%)
- > Automatic temperature control
- > Automatic tilting
- > Digital timer
- > Digital thermostat control
- > Hatcher and Setter fitted with variable humidity

Technical Specification:

Power – 24V/90 watt DC System with Approximate 4 Amps x 12 hrs = 48 Amps

Solar Photovoltaic Module – 24V/200 Wp-SMPS.24V/5 Amp - Exide battery – 12 V/100 Ah – 2 nos

Phocos Charge Controller – 24V/20 Amp - 16mm Core Copper Cable

A VISION TO EMPOWER WOMEN IN RURAL INDIA

LIFEWAY SOLAR DEVICES PVT LTD
1st Floor, Central Arcade, Azad Road, Kaloor, Cochin - 682 017
Kerala. Call: Mob. 098460 34493, 0484 -2346376, 404 6242

LIFEWAY SOLAR POULTRY INCUBATOR

Semi Automatic - 40 eggs capacity - 26 Watt System : Code no: LSPI/40

FEATURES OF SOLAR POULTRY INCUBATOR:

- > Assured hatching percentage
- > After sales service
- > Easy to operate
- > Low maintenance
- > Automatic temperature control
- > Manual tilting
- > Digital timer
- > Digital thermostat control
- > Puff insulated ABS Plastic Box
- > Plastic water bottle
- > Easy to mobilize

Technical Specification:

Power – 24V/26 watt DC System with Approximate 1.1 Amps x12 hrs = 13.2 Amps

Solar Photovoltaic Module – 24V/50 Wp - SMPS. 24V/5 Amp – Exide battery – 24 V/26 Ah

Phocos Charge Controller – 24V/5 Amp - 4 mm Copper Cable
